CALL FOR ABSTRACTS

To present your work at ENUTRACO 2015
– Equine NUtrition and TRAining COnference –

You can submit all work on subjects related to the nutrition, training and rehabilitation of sport and racehorses until March 15, 2015 (announcement of rejection and acceptance by April 15, 2015) complying with these guidelines:

• Expanded abstract format:
  - Up to 1,750 words.
  - Guidelines: Please download and follow those of the journal “Comparative Exercise Physiology” (CEP) for full articles.
  - The first line should list the authors; the second line their affiliations. In the third line it should state whether the work is intended for poster or oral presentation. In the fourth line it should state whether the work, in the case of acceptance: 1) may be published in the book of the conference; 2) and a full article will be submitted to be reviewed by CEP to be possibly published in the journal.
  - An expanded abstract should have the following sections: Take home message (what the readers should remember of the results described), Introduction, Material and Methods, Results and Conclusions.
  - Send by e-mail to: arnolindner@t-online.de

• Prior to review, the names of authors and affiliations are removed to ensure unbiased review.

• Accepted work may be published: 1) as expanded abstract in the book “Applied Equine Nutrition, Training and Rehabilitation – ENUTRACO 2015” (available during the conference); 2) full article in Comparative Exercise Physiology.

• Work will be accepted for presentation at ENUTRACO15 based on abstract score and availability of time slots in the programme.
