# EQUINE EYE CASE DAYS 2019

Müggenhausen and Heimerzheim, Germany · March 29 to 31, 2019

## PROGRAM

Participants will witness experts in the diagnosis and treatment of eye pathologies working up routine clinical cases. The instructors will discuss their approaches, diagnosis and treatment options as they proceed. On the third day ample opportunity is given to improve your own skills while working under the guidance of the experts!

#### 09:00 Clinical examination of cases with Stefan Gesell, Màrian Matas Riera and Erica Tolar

We will work on horses with eye pathologies. The day will be divided into four sessions of 90 minutes each. In the first three sessions a new case is presented / session / instructor, but the group of participants changes, so the participants get an opportunity to experience each of the instructor's routine clinical exam. ► **What is different in AGPferd events?** We work in small groups of mostly very experienced participants. Apart from lecturing our instructors present their knowledge and skills in practical demonstrations. Plenty of time is always reserved for discussions. All this under professional conditions, with good food and in a collegial and relaxed atmosphere.
